## BECOMING A CERTIFIED TEXAS TEACHER

Programs within the Education Department at Our Lady of the Lake University prepare the professional educator to understand and meet the comprehensive needs of diverse student populations, including students with linguistic, cultural, and learning differences. Graduates of our programs are committed to being lifelong learners who demonstrate content and pedagogical knowledge while utilizing innovative and effective practices as ethical, reflective practitioners and leaders in the field.

Candidates for standard Texas teacher certificates must achieve satisfactory performance on the examinations prescribed by the State Board for Educator Certification. All applicants will be screened for a record of felony or misdemeanor conviction through SARMA, a national-level search as prescribed by state law.

The OLLU Education Department's undergraduate program is accredited by the Texas Education Agency and approved by the State Board of Educator Certification as a university-based educator preparation program. Our curriculum utilizes scientifically based research and aligns with the TEKS to ensure teacher effectiveness, as outlined in *Chapter 149* of the Commissioner's Rules Concerning Educator Standards.

### OLLU Process to Become a Certified Teacher:

1. Decide on the area of interest, including specific grade level(s) and subject area(s)—*for example, 10th-grade Math.*
2. Meet the program's screening criteria regarding basic skills, GPA, course hours completed, and professional dispositions. Some requirements are state-mandated, and others are specific to OLLU's certification program, as outlined in Blackboard.
3. Complete the educator preparation program (program requirements will vary by specific certifications).
4. Demonstrate the required Texas educator skills by passing the Texas Examinations of Educator Standards (TExES) certification exams BOTH in your Content area (per your degree plan) and the Pedagogy and Professional Responsibilities certification exam (PPR EC-12) and/or Science of Teaching Reading (STR: EC-06 only). Domains of learning assessed via content area TExES examination vary by certification area; however, each domain covers the educator standards supported by specific competencies.
5. Specializations in Special Education, Bilingual Education, and ESL require additional TExES certification examinations. **Please note:** These certification examinations must be passed if OLLU *recommends* a candidate for further certifications. The candidate can also challenge the exam after becoming fully certified and have the exam added to their teaching certificate.
6. Detailed information about certification examinations, domains, standards, and competencies for each certification can be found on the Pearson Testing website: <http://www.tx.nesinc.com/>
7. Apply for certification through your TEAL/ECOS account and pay the required fees.
8. Adherence to the highest standards of professionalism in daily interactions with peers/coworkers, students, parents, and other community stakeholders is expected in addition to compliance with the Educator's Code of Ethics [Title 19 Chapter 247 Rule §247.2](#)
9. Adherence to the State Board of Educators adopted [TEKS](#) (Texas Essential Knowledge and Skills), which are the state standards for what students should know and be able to do

OLLU's undergraduate teacher education program is comprised of the following three components:

- **Foundation requirements.** General education courses that provide a basic content knowledge foundation.
- **Supporting content requirements.** A blend of content knowledge and pedagogy. This may also include specializations for students who chose to add a certification, such as bilingual, English as a second language, and/or special education.
- **Professional education requirements.** These are required by TEACH and focus on pedagogy. Field-based and clinical experiences are built into the supporting content and professional education curricular requirements.

Students must adhere to the Teacher Education Handbook during the semester they are admitted into the TEACH program.

### **DISCLAIMER**

OLLU reserves the right to change degree requirements, certification levels, assessment requirements, and/or implementation timelines. Changes may occur in rules, standards, testing, certification, or other areas of educator preparation because of legislative, State Board for Educator Certification, or Texas Education Agency (TEA) action through no fault of OLLU but must be adhered to.

Notifications of any revisions to the Teacher Education program will be communicated to students via (1) campus publications such as the undergraduate catalog, (2) TEACH Handbook, (3) Blackboard courses and/or OLLU email, and (4) OLLU website [www.ollusa.edu](http://www.ollusa.edu).

As of October 2017, TEA, in consultation with stakeholders, introduced minimum TOEFL iBT requirements for each section of the test to demonstrate English language proficiency for all candidates who did not complete an undergraduate or graduate degree at an accredited institution of higher education in the United States that are reflective of the language skills that teachers need: minimum scaled scores on the Test of English as a Foreign Language internet-Based Test (TOEFL iBT) of 24 for speaking, 22 for listening, 22 for reading, and 21 for writing ([TAC §230.11\(b\)\(5\)\(B\)](#)).

## **CRIMINAL HISTORY POLICY**

Candidates seeking Texas Certification must read and sign this acknowledgment form for the Criminal Background Check and Preliminary Criminal History Evaluation.

*Pursuant to the Texas Education Code (TEC), §22.083, candidates seeking certification must undergo a criminal history background check prior to employment as an educator and pursuant to TEC, §22.0835, prior to clinical teaching.*

*OLLU’s Texas certification/educator preparation program requires that applicants and candidates have a clear criminal history background check (nationwide) PRIOR to admittance into the educator preparation program or a favorable Preliminary Criminal History Evaluation letter from TEA about their potential eligibility for educator certification. Applicants with certain criminal convictions or deferred adjudications may not be eligible for placement and thus not able to pursue certification. For more information candidates may review Texas Occupation Code, Chapter 53, Section 53.001-53.105 and/or [Texas Administrative Code Chapter. 249, Subchapter B §249.16](#).*

Candidates of the OLLU educator preparation program should be aware of the following:

- Having a criminal history might prevent applicants from attaining a placement and/or completing their clinical teaching or becoming certified educators based on the following factors:

- the nature and seriousness of the crime;
  - the relationship of the crime to the purposes that certification is required to become a professional educator;
  - the extent to which certification might offer an opportunity to engage in further criminal activity of the same type as that in which the person previously had been involved;
  - the relationship of the crime to the ability, capacity, or fitness required to perform the duties of a professional educator;
  - the extent of the applicant's past criminal activity;
  - the age of the person when the crime was committed;
  - the amount of time that has elapsed since the person's last criminal activity;
  - the conduct and work activity of the person before and after the criminal activity;
  - if the person has completed the terms of their probation or deferred adjudication;
  - the evidence of rehabilitation; and
  - other evidence, including letters of recommendation.
- Applicants may request a Preliminary Criminal History Evaluation (PCHE) prior to admission into the educator preparation program;
    - TEA will provide an evaluation for a non-refundable online fee of \$50
    - The evaluation will give TEA's written opinion about the individual's eligibility for certification and is based on the individual's self-reported criminal history
    - The evaluation is voluntary and non-binding
    - You may request a Preliminary Criminal History Evaluation (PCHE) only if:
      - You are enrolled or planning to enroll in an educator preparation program, or you are planning to take a certification exam for initial educator certification, and
      - You have reason to believe that you may be ineligible for educator certification due to a conviction or deferred adjudication for a felony or misdemeanor offense.
  - Requesting a Preliminary Criminal History Evaluation (PCHE):
    - Effective October 1, 2018, requests for a PCHE must be submitted online.
    - Read all [FAQs](#) to ensure you meet the preliminary criminal history evaluation criteria. Do not submit a PCHE request or make payment if you do not meet the criteria.
    - Gather the following information, which TEA will require to complete your evaluation. To prevent delay in the agency's response, be prepared to submit all documentation with your request:
      - All offenses that you believe may make you ineligible for teaching certification,
      - Your statement about the circumstances upon which your arrest(s) were based,
      - All court documentation shows each offense's formal disposition and related charges. To obtain such documentation, contact the clerk in the jurisdiction (typically a County) where you were arrested.
    - Provide payment through Texas Online. Retain the Local Reference Number, your payment confirmation included in your request. Please be aware that the fee is non-refundable.
    - Complete the online Preliminary Criminal History Evaluation request form (item #4 on [the FAQ sheet](#)). Upon submission, you will receive a confirmation email with a copy of the information you entered.

Once the request and documentation are received, TEA staff will begin evaluation of your criminal history. Within 90 calendar days, staff will email you an evaluation letter that provides you with the

agency's opinion about your potential eligibility for educator certification. The evaluation will be based on the information you provided as part of your request. Should you need to submit additional information during the review, you can do so by responding to your request confirmation email or faxing 512-936-8247.

### **Background Check Requirements**

Per [Texas Education Code §22.0835](#), each school district will complete a criminal background check on all candidates placed in their classrooms prior to participation in any field-based coursework including student/clinical teaching and practicums. School districts usually request a social security number and/or driver's license number for all candidates to process background checks according to their procedures. Students are responsible for submitting all the required background check information in the right format at the right time to the Director of Field Experience. School districts may deny placements to students with a criminal background. Please reference the Criminal Background Check/Criminal History Policy Form.

### **Note to Candidates**

If, during the program of study, a person becomes ineligible for placement because of a certain criminal conviction, he/she may have to withdraw from the course and/or program of study and may not be able to complete their course, certification, and/or degree requirements. In addition, if a candidate is convicted of certain offenses upon successful completion of an educational program, they may become ineligible for certification/certification examination. Please refer to *the Texas Occupation Code, Chapter 53, Section 53.001-53.105 and/or Texas Administrative Code Chp. 249, Subchapter B §249.16* for further clarification of offenses leading to ineligibility of certification.

This policy was developed to support the development of education candidates as professionals.

Therefore, any behaviors contrary to those described in [The Protection of Pupil Rights Amendment \(PPRA\)](#) will be addressed immediately, and a support plan will be developed. Listed below is the process faculty will follow:

1. Faculty will call a meeting with the candidate; the faculty member will complete the PPRA form and identify the behavior or academic area that needs addressing by the student. The purpose of this meeting is for the student and faculty member to explore ways in which the student can better meet the expectations for professional behaviors or academic requirements in the classroom and to develop a support plan. Both the student and professor will sign the completed PPRA form; a copy will be provided to the student and the second copy will be maintained in the student's departmental file.
2. If a second infraction occurs, the same procedure described above will be employed. In addition, the department chair will participate in the meeting and explain the university responsibility as gatekeeper to the profession. As a professional program, the Education Department reserves the right to recommend or deny teacher candidates for certification. If all criteria are not met satisfactorily, teacher candidates may be denied full acceptance into the Teacher Certification Program (TEACH) and/or denied the opportunity to complete clinical teaching.
3. A third infraction may lead to removal from the program. Without unconditional acceptance into TEACH and successful completion of all course work, fieldwork, and clinical teaching or its equivalent, the university does not recommend TEACH candidates for Texas teacher certification. All TEACH candidates referred for review are expected to participate in the process. Refusal to participate will not terminate or invalidate the process.

## AI AND ACADEMIC DISHONESTY

The following is a sample list of current AI Tools. It is not exclusive: ChatGPT, Elicit, iA Writer, Marmot, Botowski, Dall-E, Moonbeam, Bard, Spinbot, MidJourney, Stable Diffusion, GitHub Copilot, Humata.ai, etc.

The Education Department at OLLU assumes responsibility for securing appropriate observation, field experience, practicum, and clinical teaching placements with qualified professionals for students and providing information about their placement site. The Director of Field Experience maintains a list of faculty's recommended school sites, updated each semester, for each course requiring a placement. When possible, the department will work with teacher candidates to find observation sites and field placements near the university or bus line, but OLLU cannot guarantee this.

Teacher candidates are responsible for providing their own transportation to and from observation and field placement site visits including clinical teaching. The University does not provide any insurance and does not assume any liability for teacher candidates making their own transportation arrangements. Teacher candidates choosing to ride or transport others in a private automobile do so voluntarily and at their own risk.
